Teacher of Mathematics

MPS/UPS + TLR

ASAP/April 2024

Do you want to work in a vibrant, rural 11-18 school, which is in the heart of the Oxfordshire countryside, on the edge of the thriving market town of Banbury? The Warriner School has an excellent academic reputation, both locally and more widely, and we are very proud to be an integral part of the community that we serve. Staff have high expectations for all students and work enthusiastically to continue raising attainment and achievement.

We want to appoint a well-qualified, enthusiastic and dedicated teacher of mathematics to join our thriving and successful team. The role comes with the opportunity of a TLR to lead on an area within the Department, dependent on experience and expertise. The department is a strong and supportive team which is focused on providing a broad, balanced, rich, and challenging mathematics education for all students alongside raising standards in both attainment and progress. Mathematics is a vital part of the newly created Earth and Mechanical Sciences Faculty and spans all three Key Stages. This post will appeal to both experienced teachers of mathematics and those starting out in their career wishing to take on additional leadership and management responsibility.

What we are looking for:

- A teacher committed to teaching high quality lessons
- A confident team player who understands the importance of relationships
- A selfless individual, putting the needs of students above all else
- A proactive and hardworking teacher
- An outstanding communicator with all stakeholders
- A determined and patient colleague, with the willpower to see things through
- An outstanding practitioner who leads by example, with the ability to listen and self-reflect
- A highly organised teacher, with the ability to work under pressure to deadlines
- An inspirational, creative, and innovative teacher

What we offer:

- MPS/UPS (and a TLR is available for a suitably qualified candidate)
- A school with a clear moral purpose and drive for 'excellence for all our students'
- Leadership development and early promotion opportunities for the right candidates
- A dedicated and friendly team of professionals who are keen to develop and learn
- Excellent CPD opportunities to grow and develop
- A clear staff well-being strategy and commitment to its core values
