Do you want to work in a vibrant, rural 11-18 school, which is in the heart of the Oxfordshire countryside, on the edge of the thriving market town of Banbury? The Warriner School has an excellent academic reputation, both locally and more widely, and we are very proud to be an integral part of the community that we serve. Staff have high expectations for all students and work enthusiastically to continue raising attainment and achievement.

We want to appoint a well-qualified, enthusiastic and dedicated teacher of Graphic Design to join our thriving and successful Design Technology team which includes Resistant materials, Textiles and Food. Design Technology is part of the ADTF department which also includes Art and Design. The department has specialist teachers in each of the areas as well as four dedicated technicians. The ADTF department is a strong and supportive team which is focused on providing a broad, balanced, rich, and challenging education for all students alongside raising standards in both attainment and progress. ADTF is a vital part of the newly created Creative Arts and Cultural Society Faculty and spans all three Key Stages. This post will appeal to both experienced teachers of Graphic Design and those starting out in their career wishing to take on additional leadership and management responsibility.

- A proactive and hardworking teacher
- An outstanding communicator with all stakeholders
- A determined and patient colleague, with the willpower to see things through
- An outstanding practitioner who leads by example, with the ability to listen and self-reflect
- A highly organised teacher, with the ability to work under pressure to deadlines
- An inspirational, creative, and innovative teacher

What we offer:

- MPS/UPS
- A school with a clear moral purpose and drive for 'excellence for all our students'
- Leadership development and early promotion opportunities for the right candidates
- A dedicated and friendly team of professionals who are keen to develop and learn
- Excellent CPD opportunities to grow and develop
