Teacher of Animal Care and Science
MPS/UPS

“Pupils are polite and show respect to each other as they calmly move around the school site”
“Leaders have a strong moral purpose to match the curriculum to the pupil.” Ofsted January 2018

If you are seeking a life in the country with easy access to Oxford, London and Birmingham, The Warriner School is the ideal location for you. We are situated in the North Oxfordshire village of Bloxham, only a five minute drive from the historic market town of Banbury.

We also benefit from a 120 acre working farm which is utilised for teaching purposes across the whole range of subjects. This is also the platform for our sixth form students to prepare for careers in the veterinary field with past students being offered university places based on this alone.

As part of the Warriner Multi Academy Trust we offer excellent opportunities for career progression and CPD. We have a very supportive ethos and as such our community looks after each other, both staff and students. Student behaviour across the school is very good and students are encouraged to reach their full potential by our dedicated staff.

The Warriner School enjoys a good reputation locally, with dedicated colleagues and enthusiastic students. Staff have high expectations for all students and work enthusiastically to continue raising attainment and achievement.

As a consistently oversubscribed, expanding school we are seeking to appoint a well-qualified, enthusiastic and dedicated teacher to lead and manage the curriculum associated with the discrete Animal Care & Management Department. Candidates must be confident teaching all sciences to GCSE level. The successful candidate will join the Science department and will be able both to deliver high standards of classroom-based learning and to demonstrate and instruct students in the associated practical skills to industry standards; all utilising the animal resources of the School Farm. The successful candidate will have the ability to drive continuing improvement in the provision of the department and to develop new learning opportunities within the curriculum area, and by working closely with the Farm Manager, maintain the Department as a Centre of Excellence.

A job description and application form is available from our website: <https://www.thewarrinerschool.co.uk/vacancies> or Mrs Trish Morgan, PA to Headteacher at recruitment.4007@warriner.oxon.sch.uk

Please note we can only accept CVs as supporting documentation when submitted along with a fully completed school application form.

All schools within the Warriner MAT are committed to safeguarding and promoting the welfare of children and young people and requires all staff and volunteers to share and demonstrate this commitment. The successful candidate will have to meet the requirements of the person specification and will be subject to pre-employment checks including an enhanced DBS check and satisfactory references.

Closing Date: Wednesday 30th March at **1pm**
Interviews will be held w/c 4th April
