

After School English Study Sessions will start, for all students who want to attend, from the 8th February. Please find the schedule for these sessions below. Each session will run for an hour: 3.15-4.15pm every Thursday Week A until they stand down. Students already attending our targeted sessions should continue to do so with their allocated member of staff.

There will be one session per element of the Literature and Language courses. Most sessions, as you will see from the schedule, will be repeated to give students the opportunity to attend as many elements as possible. **Students will need to tell their Literature teachers which sessions they wish to attend in advance.** This is to enable us to organise an appropriate sized room and provide resources.
