

Dear year 6 student,

We are all really excited to welcome you to the Warriner School in year 7. My name is Claudia M and I am a current year 7 student, and I wanted to write this letter to you to share my experiences so far.

Before I started I was really scared that I wouldn't be able to find any friends that I could hang out with at break, But soon I realised that everyone felt the same way because we were all in it together. Knowing that everyone was looking for a friend, that made me feel like I could talk to people because I wasn't so scared. I soon made so many friends in year 7 and even some in year 8 and 9.

The school helped me settle in because other years were so kind and didn't hesitate to answer any of our concerns. Even if we asked them to show us where our next class was, they came all the way to the other side of the school to show us!

My favourite subject is maths because my teacher is so nice. All the teachers are very welcoming and try to push you to your limits so you can learn to the best of your abilities. Even though you may worry, it becomes easier if you get to know people and learn your hardest.

Some different clubs I have joined are, the school choir, board game club, origami club and several more. The clubs are a really good way to socialise and find new thing you enjoy! ( also a good way to earn house points!)

My best memory so far is going to Warwick Castle with my tutor group and standing right near the edge of a tall tower! Another one is

going to the pantomime and watching Sam (from my tutor) conduct the orchestra!

What I love most about the Warriner school is the assemblies because they are a very warm feature to year seven. Getting to hear about many different stories and future school trips is really fun!

My top tip for you is to be yourself and enjoy year seven as much as possible! try to join as many clubs as possible to make new friends and to get to know all the teachers! don't worry about anything because you'll find your way around the school and you'll make friends so no need to hesitate!

P.S. if you are going to get the school bus, it is the best part of the morning, getting to sleep and relax. just don't miss it!

yours

Claudia. M
