

Dear year 6 student,

We are really looking forward to welcoming you to The Warriner School in year 7. My name is Tommy Mc I am a current year 7 student, and wanted to write a letter to tell you about my great experiences during my first year at The Warriner.

Before I started at The Warriner I was most scared about not being able to find my way around and not being able to make new friends. But I found it a lot easier than I thought to find my way around and make new friends.

My favourite subject is games because we do lots of different sports and they are really fun.

Some clubs that I've joined are football club and basketball club.

My best memory so far is when we were playing a football match in the cup and we were losing 3-0 with 15 minutes left and then we scored 4 and won 4-3.

What I love most about The Warriner School is that there is lots to do and you make new friends.

My advice to you, as a new year 7 is don't worry if you're scared about not making any friends or getting lost because everyone else would feel the same too.

best wishes - Tommy
