

Dear year 7 student,

We are really looking forward to welcoming you to The Warriner school in year 7. My name is Hadiqah I am a current year 7 student, and wanted to write you a letter to tell you about my experiences during my first year at The Warriner School.

Before I started , I was most scared about getting late for my lessons for the first couple of days but the school helped everyone by showing them around the school and if anyone did get lost we would have a map with us .

My favorite subjects are Games and French I like games because I like getting active with all my friends and like trying all kinds of sports and I like French because it is Interesting to see how their language is different to ours.

Some different clubs that I have joined are netball and science club I've enjoyed them because its fun to do with your friends at lunchtime or afterschool and they are different to lessons like science club you get to try loads more of different experiments.

My best memory so far is gong to Warwick castle because it was really fun learning about what was happening in that castle a long time ago and it was fun when we went in the maze.

What I love most about The Wrriner school is that you get to try a lot of new things and go on fun trips.

My advice for you as a new year 7 is try lots of different clubs so you can make a bunch of new friends and have a great time when your not doing anything at lunch.
