

Dear year 6 students

We are all really looking forward to welcoming to the Warriner school in year 7. My name is Ollie R I am a current year 7 student and wanted to write a letter to you about my fabulous experiences at the Warriner school during my first year at the Warriner school.

Before I started at the Warriner I was scared of what people would think of me if they didn't like me and what if I got too much homework and got detentions for not finishing it on time.

The school helped me by telling me exactly where to go for every lesson and at what time it really helped me settle into the school and I had the best first week!

My favourite subjects are games and P.E because you get so much action and they play really fun games the teaches are really important they are really friendly and teach really cool new ticks in all sorts of different sports.

Some clubs I have joined are hockey, table tennis and formula one for schools. I think doing clubs will prove to your teachers what you can do, and you have a great time. Even if you do not like the sport give it a go you like when you play. Also, if you feel you are ready for a challenge a sport leader is the thing for you and this is when really prove your ability to the school you will also have a great time.

My best memory so far is meeting new friends don't always be with your primary friends try and find others you don't know just expand your groups of friends.

What I love most about the Warriner is how friendly all the teachers are and the other students in you school they make you feel at home.

My advice as year 7 is when you get some homework when you get home do it makes you feel so much better if you get it done as soon as you get it.

Have fun and good luck!

Ollie R
