

To Year 6 student,

Here at Warriner we are very excited to have you join us in September. In the meantime until you get here you should be looking forward to...

When I joined Warriner I was probably worried about the same things you are worried about such as: being bullied, getting lost, all the work, the homework, the amount of people and making friends. However don't worry about any of this. The first day has teachers all around school to prevent you getting lost and work wise they ease you in slowly.

Instead of worrying about that lets talk about the best bits of Warriner. Some of these are the P.E and Games lessons, the Library lessons in English, the canteen food, the science experiments, the music lessons and just generally all the fun. The school environment is just incredible and so much fun goes on here.

Some of my top tips are: Be organised, pack your bag the day before, do your homework (not to last minute), don't panic, take a map and just Relax.

In conclusion don't be worried just look forward to new things, keep relaxed and have fun.

Good Luck Thomas
