

Dear Year 6...

Dear year 6,

There isn't much time until you come and join us here at the Warriner school. You may feel overwhelmed, but I'm sure you be fine. There really is nothing to worry about. It is a lovely school and everyone is super welcoming. Here are some things that you may be worried about.

First off, you will have a different teacher for each subject. You will also be a part of a tutor group who you will spend part of your mornings with. Your tutor will be the one you can talk to at any point. You will have lots of subjects but you'll soon get used to it!

Next, you may feel that the school is massive and you may be scared of getting lost. You will be given a map on your first day and your teachers and any staff really will be happy to help you. You will have each lesson in a different classroom with seating plans in each one. Your teachers will help you with this.

Another thing you may be worried about is making new friends. You will meet a ton of new people and I'm sure you will have no problem making friends. Just be yourself!

So yeah. That's basically it. I'm sure you'll love it here and we can't wait for you to join us!

Dots of Loves
