

Hi year 6,

i hope this
makes you feel
relaxed.

My name is Olivia, I have been a student at the Warriner School since September 2020 and so far enjoyed it! You may be worried about the transition to the Warriner School, but don't be stressed this will clear everything.

Subjects and teachers:

One worry that may be concerning you is getting new subjects and meeting teachers. This should be something to never be bothered about. A typical day can consist of Drama, English, Maths, French, Games.

Navigating the school site:

A major concern to you may be being late or getting lost I can relate to this! You will be given a map on your first day! Teachers and students are welcoming and will guide you to where you need to be.

Making Friends:

Making friends is way easier ~~than~~ than it might seem. My advice to you is to chat to everyone, be yourself, socialise and you will nail it.

P.S = the homework is nothing to worry about! ~~Good luck!~~ Good luck!
