

# Dear Year 6

It will not be long until you go to the warriner and be in year 7 dont be worried though because it is the best place to be

Some of the best things in the warriner is the subjects that we do. Science is my personal favourite subject as I have a nice teacher and it is really fun doing experiments, Teachers are another important thing about the warriner, I like all of the teachers and I think they are the best part of warriner.

I know at the start of warriner the school may seem massive to your primary school but they give you a map to help you around the school on your first day and if you lose it you can also ask a teacher for directions, trust it about navigation, it's easy once you know your surroundings.

The canteen is the best! The food is nice and its an extra if you are still hungry after having a sandwich of some sort. With a reasonable price of course.

Anyway, it is a really nice place at the warriner, so you must be very excited to come here, see you soon!

Sincerely from

Will
