

Dear year 6,

My name is Edie-Mae and I am year 7 at the Warriner school. I remember my worries starting year 7 and I am sure you have some worries too. For example some of my worries were: older years being mean, being late, home work/class work, getting lost, etc... But all of my worries got solved.

At the Warriner school there are quite a lot of subjects, but you will get use to it in about a week or so. Also as you probably may know you have different teachers for every subject.

When you get to year 7 you get to go into the canteen first! In the canteen the food is delicious there's; pizza, nachos, sausage rolls, fruit, desserts and drinks! On Friday there is fish and chips.

The Warriner school seems extremely big, but actually when you get to know the school it isn't as big as you think. A lot of people's worries are getting lost, that was one of my worries as well and I have never got lost!

I have made so many new friends at The Warriner, but also kept most of my older friends too!

We and all the year 7 hope you have the best time at The Warriner School and wish you good luck!

Edie-Mae :))
