Work Experience Week: Monday 8th July – Friday 12th July 2024

Work Experience Week is for our Year 10s (aged 14 – 15) and runs from Monday 8th to Friday 12th July 2024. Students will be off timetable and will sample a host of workplace experiences provided on site by different employers and organisations. Each student has a bespoke schedule which takes in a variety of encounters. We also arrange career presentations about apprenticeships, university, CV writing and employability skills.

There are several reasons this works so well. It offers students greater breadth in what they might try and leads to more meaningful interactions. Perhaps most importantly, students access experience in careers beyond that of their family and friends.

In the past this has included master classes from universities, taster sessions from colleges, working with professionals from patents applications to window cleaning, chocolatier to sports management, race car aerodynamics to property surveyors.

Request for help to run a work experience workshop or presentation.

We are looking for volunteers from the wider Warriner community who have knowledge, experience and insights in different employment sectors. If you feel you could offer your support in running a workshop or presentation as part of the work experience week, please do get in touch to discuss. All offers of help are greatly appreciated.
