

Attendance Newsletter – London Marathon Challenge

We are excited to share information with you regarding our attendance incentive linked to The London Marathon. I know lots of information has been shared with students so hopefully you are already aware of this challenge and can continue to support us with improving attendance at school.

LONDON MARATHON 2025

Term 4 Attendance Incentive

You will be competing with mentor groups within your year to win the race!

Each week we will be checking your mentor's attendance, and you will move along the track as follows:

If your mentor group beats your previous week's attendance: You move 1 leg of the race

If your mentor group's attendance stays the same: You move half a leg

If your mentor group's attendance is less than the previous week: You stay put!

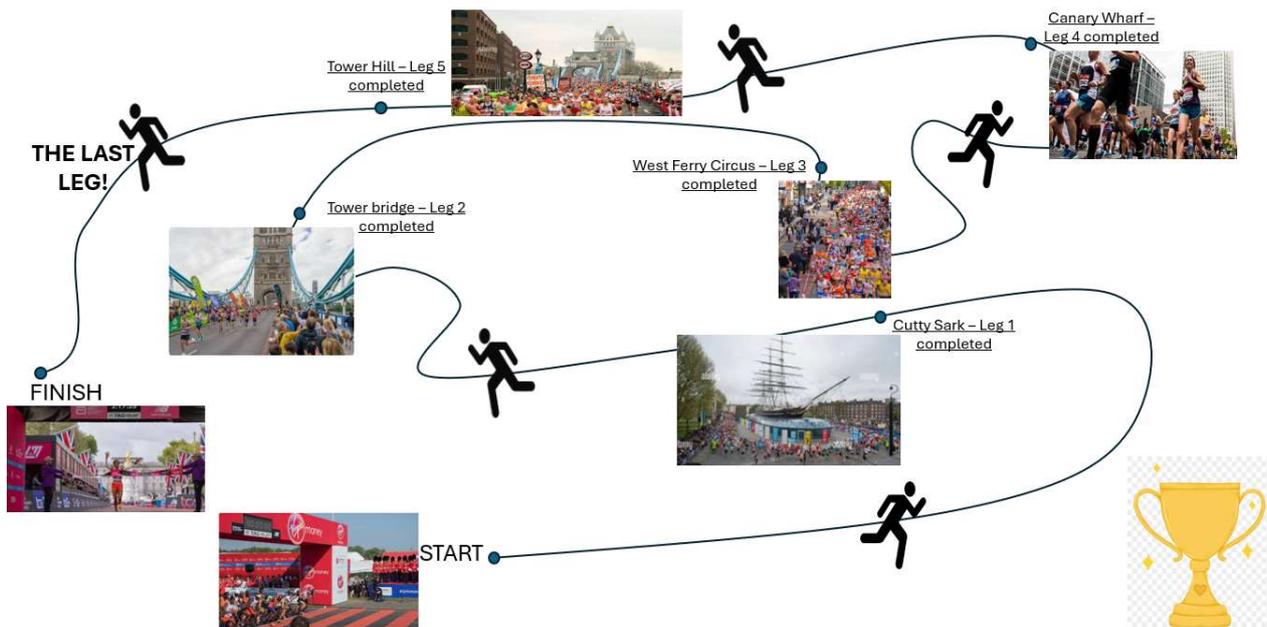

There will also be chances during the term for your mentor group to earn extra sprints to help you along the track. These will be given for things like, no lateness, all in mentor, all in assembly etc. But also look out for unexpected hazards!

1st prize – Dominoes pizza lunch for your mentor group!!!

THE LONDON MARATHON 2025

Thank you for your support.
