Year 7 Maths - Scientific Calculator Purchase

Dear Parent, Carer or Guardian,

The Maths department would like to extend a warm welcome to all the new Year 7s joining us this September.

We would like to encourage all year 7s to ensure they have a scientific calculator available to them for homework and for lessons. This is a vital piece of equipment that is required in Maths lessons as well as many other subjects.

The calculator that we strongly recommend is the Casio 83-GTX (or the Casio 85-GTX which runs on solar power). This calculator has all the functions required and has a well laid out design, and will be suitable all the way through to Year 11 for GCSE. Teachers in the maths department will use this model to demonstrate calculator skills so it is helpful for pupils to be using the same one.

The Casio 83-GTX is currently available to buy on the school Parent Pay system for £8.50 and will be given to pupils directly once delivered. These will be available to purchase until Friday 11th September.

Kind Regards,

Crispin Hoad
