Dear Parent, Carer or Guardian

Year 11 Higher Study Group

As a Maths Department, we are constantly analysing all the available data to identify students who may benefit from extra support. One of the ways that we can offer additional support is through the running of Higher Maths Study Sessions on Monday afternoons from 15:05 to 16:05 in room M1.

Your child has been identified as a priority student we would like to attend the study sessions, and we would greatly appreciate your support in encouraging and motivating them to come along to as many sessions as possible.

During the maths study sessions, students are taught additional teacher-led lessons on key concepts and misconceptions picked up from question level analysis of previous in-class higher assessments and learning.

We hope that you will view this invitation as a supportive step aimed at helping your child to achieve positive outcomes in the GCSE assessments next year. The past two years have been some of the most challenging that education has ever seen, so the time is now for us to put in the extra effort to make sure that no pupil is left disadvantaged.

If transportation is an issue, there is the option for signing up for the school minibus.

If you have any questions, please feel free to get in contact with us or your child's class teacher. Please contact us if there is any reason preventing their attendance after school on a Monday.

Yours sincerely,

Sandra Young
Head of KS4 maths
