

# Year 11 Newsletter

## Week Commencing Monday 12th of June

### The Week ahead

Welcome back after the Half Term holidays. It was great to see how many Year 11 students came in over that time to do some studying, as well as much of it happening online, personal revision and at friend's houses. The number of exams left is dropping fast and some of the students are down to single figures. I want to once again say how amazing so many of them are doing and if the positive conversations I have been having post exams turn into grades, then we are looking forward to seeing many happy students in August on result's day.

I'd like to highlight, at the request of students, that there are no longer virtual briefings in Tutor time anymore as students were finding this caused more stress rather than less. Instead, similar can be accessed independently by the students on the morning of the exam so we cater for all needs.

Along a similar thread, if anyone has any feedback about what has or has not worked well over this exam period, then we would like hear. You will receive a short online survey link, after the exams, so we can hear your thoughts.

Thank You  
Mr Rafferty

### Week Commencing 12th of June

Please find a break down of next week, with study sessions built in to support students. As well as after school sessions, there are quick tips and exam pointers in the mornings for Tutor time and some lunch times.

[Geography Pre-Exam drop in session in the Odeum 12:20](#)  
Geography Exam Investigations 13:30 start 1 hour 30 minutes long

## **Year 11s' 6th Form Induction Days 26th –28th June**

From the 26-28th of June we are inviting prospective Sixth Form students to return to school and spend time with us with our Sixth Form Induction Days. These days provides students with the opportunity to sample A Level lessons in the subjects that they are considering studying next year. There will also be various talks from Miss Korniewski and Mr Smith, giving details about your Sixth Form experience at the Warriner School - these include talks about enrichment, Post 18 planning and advice on how to make the most out of this time. These days follow our normal school day format starting at 8.25am and ending 3.00pm. Food can be obtained at the canteen and dress code is smart casual (please see the website for details) but crop tops, tracksuits and hoodies are not permitted as part of our dress code. We look forward to seeing our new soon-to-be Year 12 students.

**Mr Smith**  
**Head of Sixth Form**

## **Stand Down Day**

**This is on the Friday afternoon on the 30th of June.** We invite year 11s back in for a celebration of their time here at the school. Students are to come in at 1pm and go straight to the Hall, and they are to wear uniform. There is a BBQ and students can prebook food using Parent Pay. The event is quite casual with students sitting with friends in a cafeteria style. They start with getting their leavers hoodies. Then there will be a video of their time here, awards they voted for and prizes for their work, then there is an option for some karaoke, before we do shirt signing to finish the day off.

If you'd like to donate a prize of any sort to our reward raffle please get in touch

If students want to request a song to sing, then please see Mr Rafferty

### **Help and an opportunity**

From the 10-14th of July the Year 10s have their Careers Experience Week just as Year 11 did last year. As we constantly look to improve this, we are setting up a Hub this year in the reception to help keep everything organised, and need a team of current year 11s to run it.

Their duties would include greeting guest speakers and escorting them to their rooms, making sure they are set up and helping where they can, organising the registers and collecting them for each session. Managing the spreadsheets of the day and helping students who aren't sure where to go, as well as setting up alternative provision if someone suddenly cancels. They would get the opportunity at quiet times to sit in on some of the sessions.

Students would need to be in full uniform as they would be the 'face of the school' to a large number of visitors and would have to do 5 full days of school, but would be able to record this as event management for work experience.

Ideally a small group of 5-6 people who know each other and get on well would be preferable. If any students are interested please get in touch with Mr Rafferty as soon as possible.

Thank you

Mr Rafferty
